On Thursday January 20, 1994 at approximately 6:40 pm Larry Kinley was interviewed by Sgt. E. Roberts and Det. J. Williamson of the Fairfield P.D. The interview was conducted at the Mt. Healthy police station.

Det. Tiernan and Det. Dennett called Fairfield P.D. and spoke with myself and then Sgt. Roberts. They requested we meet them at them at the Mt. Healthy police department to assist with the interviews of Larry Kinley and Lee Moore. Sgt. Roberts and I arrived at approximately 6:30 pm at the Mt. Healthy P.D. After a brief conversation between the four of us Sgt. Roberts and I entered an office occupied by Larry Kinley. We introduced ourselves and advised Kinley of the Miranda warning. He was given a copy of Miranda to read as it was read to him. He was asked if he understood his rights as they had been told to him and he stated he understood. He was asked if he could read and write and he stated he could. He was then asked to sign the Miranda warning. Sgt. Roberts told Kinley that we were investigating the disappearance of Melvin Olinger. He was told that Olingers credit card had been used recently and we had several witnesses that could identify the subjects that had used the card. Kinley was told that we had a witness that had seen two subjects getting into a car that matched the description of Melvin Olingers missing vehicle. He was told that the witness had written down the license number and that license number belonged to Lee Moore. We told him the purchases on the credit card were made on Saturday the 15th. at Northgate and Tri-County. Kinley stated he was not there on Saturday but was there on Sunday with his aunt and cousins. stated that he had seen Lee Moore in a blue car recently but Lee told him that he got the car from a dope fiend. He said he didn't believe Lee but didn't ask any other questions about the car. We asked when was the last time he had seen Lee in the car and he could not remember. He said not today or yesterday. We then showed Kinley a composite of himself and said that a clerk had described him as being at J.C. Pennys on Saturday. He then stated that he was there with Lee Moore while Moore bought some jewelry and clothing. He stated he believed that Moore was using his own credit card. We then asked Kinley to write Olinger's name several times on a piece of paper. After he did so we told him we didn't believe he had used the credit card but we wanted to know what Lee Moore had told him about how he got the card. Kinley asked us if Lee Moore would find out what he was saying. Kinley then stated we should talk to Jason. We stated we would talk to Jason but we would like to know everything that he knew about the credit card, the blue car, and the disappearance of Melvin Olinger. Sgt. Roberts then showed a picture of Melvin Olinger to Larry Kinley. Kinley asked us if our conversation was going to be repeated to Lee Moore. He stated that he was afraid of Moore and would not want to face him in court. We advised him that we only wanted to get the truth and that we would interview Moore just as we had him. He then stated that he was with Moore when he had bought jewelry and clothing on Saturday. He stated that Lee was wearing some of the jewelry and clothing at this time. He stated that he didn't get anything for himself from the use of the credit card. He stated
